GAMALIEL PAINTER'S CANE

Words by Charles B. Wright, Professor Emeritus of English, Hon DLitt, Class of 1915
Music by E. Pruda Harwood Wiley, Class of 1912
First sung at the Commencement Luncheon, June 20, 1917

When Gamaliel Painter died,
He was Middlebury's pride,
A sturdy pioneer without a stain;
And he left his all by will
To the College on the Hill
And included in a codicil a cane.

Chorus

Oh, it's rap, rap, rap,
And it's tap, tap, tap,
If you listen you can hear it sounding plain;
For a helper true and tried,
As the generations glide,
There is nothing like Gamaliel Painter's cane.

ALMA MATER

Original lyrics by Margaret Dounce Dale '43 and Dorothy Hood Bittmann '43, revised in 2018

VERSE 1
Walls of ivy, paths of beauty,
We have known and loved them well.
Spir-ed chapel rising proudly,
Morning hymn and evening bell.

VERSE 2
Sunset glowing o'er the mountains
Snowy peaks and winding ways
Peaceful stillness o'er the campus
Mem'ries of most happy days.

VERSE 3
Loyal ever in these friendships
We have spent four glorious years
Filling us with hope and courage
Till the hour of parting nears.

CHORUS
Middlebury, Alma Mater,
Symbol of His strength and truth.
Symbol of His strength and truth.

or

Middlebury, Alma Mater,
Symbol of our strength and truth.
Symbol of our strength and truth.

MIDDLEBURY COLLEGE DIPLOMA

(English Translation)
Middlebury College
in the State of Vermont
To all students of letters
Eternal greeting in the Lord

Be it now known to you that the President of the College, with the approval of our honored and esteemed Fellows, has dignified and graced _____ with the title and rank of Bachelor of Liberal Arts, and has conferred on her/him all the privileges and honors pertaining thereto. Let the official seal of the College and the signature of the President bear witness to this act.

Issued at the College on the 24th of May, in the year of the Lord 2020, and in the 244th year of the American Republic.

THE SEAL

The official seal of Middlebury College shows an open book, with simple marks for letters. The College's motto, *Scientia et Virtus* (Knowledge and Virtue), is written on either side of the book. Around the edge of the seal are four abbreviated Latin words: *Coll. Med. Virid. Mon.* Their full form is *Collegium Medioburiense Viridis Montis*; in English, Middlebury College of Vermont.

GAMALIEL PAINTER'S CANE

Gamaliel Painter's cane is one of the most treasured artifacts of the College. Once the walking stick of the founder of both the Town and the College, today it is carried by the president in the academic procession. It serves as the College's mace and as a symbol of institutional strength and character. The president will present to members of the Class of 2020 a replica of the original cane, reminding the graduates that they go forward from Middlebury with the strength and character of the College always at their side.

THE MEDALLION

The presidential medallion, which is worn on all ceremonial occasions, carries the official seal of Middlebury College on the obverse and the name of the current president and date of inauguration on the reverse. The first presidential medallion was presented to Samuel S. Stratton by the Board of Trustees upon his inauguration as the 11th president of Middlebury College in 1943.

ACADEMIC REGALIA

The academic regalia, which originated at Oxford and Cambridge Universities in England in the 1300s, has been in use in the United States since colonial days, although not until the 1890s was there a decided movement toward greater use of the academic regalia by senior classes, trustees, and faculties. In 1895, representatives of American schools codified standards for academic dress with the establishment of the Intercollegiate Dress Code.

THE GOWN

The flowing gown comes from the 12th century. While it originally may have been worn as protection against the cold of unheated buildings, today it has become symbolic of the democracy of scholarship, for it covers any dress of rank or social standing. Traditionally it is black for all degrees.

The bachelor's gown is relatively simple, with long, pleated front panels, and intricate shirring across the shoulders and back. The gown is worn closed and is distinguished by its long, pointed sleeves.

The master's gown has the same yoke effect but is designed to be worn open. It has a very long sleeve, oblong in shape with an arc cut out of the bottom of the front. The oblong is closed at the base and the forearm protrudes through a notched slit at the elbow.

Gowns for the doctor's degree are also designed to be worn open, but carry five-inch-wide velvet panels, which extend all the way to the bottom of the garment. Three horizontal velvet bars are stitched on the upper arm of the full, round, bell-shaped sleeves. This velvet trimming may be either black or the color distinctive of the faculty to which the degree refers.

In recent years a number of universities have adopted alternative robes using their traditional school colors, such as crimson for Harvard, blue for Yale, slate gray for Columbia, maroon for Chicago, and cardinal red for Stanford.

THE CAP

When the slave was freed by Roman law, he won the privilege of wearing a cap. The academic cap is a sign of freedom of scholarship and the responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as square to symbolize the book. The cap worn almost universally in academic processions is the Oxford cap, better known as the mortarboard. The tassel may either be black or reflect the scholarly subject, although only doctor's degree recipients may have gold thread. A different style cap, the Cambridge cap, resembles a large beret.

THE HOOD

The hood is the most distinguishing feature of all academic costumes. Originally, it seems to have had three uses: as a hood covering; as a shoulder cape; or, when hung from the shoulder, as a bag in which alms could be collected.

The size and shape of the American hood mark the college degree of the wearer. The hood's outside is bordered with velvet of the proper width to indicate the degree and the proper color to indicate the department or field of study. Thus, a degree conferred as Bachelor of Arts requires the white of arts, letters, and humanities, whereas the Bachelor of Science degree requires the yellow of science.

The shapes of the bachelor's hood and the master's hood are similar, the former being three feet in overall length and the latter three and one-half feet. The doctor's hood has a base that is rounder and has an overall length of four feet. The respective widths of the velvet borders are two inches for the bachelor's, three inches for the master's, and five inches for the doctor's hood. The covered lining on the inside of the hood is the official color or colors of the institution conferring the degree. Where there is more than one color, the second color is usually represented by a chevron, a wide stripe across the background color, or field. Thus, the inside of the Middlebury hood has a blue background with a white chevron.

Members of the governing board of the degree-conferring institution normally wear the doctor's gown, but their hoods represent only such degrees as are actually held.
